## Art Installation

Over the past three weeks, each DMS student worked to create a panel for an art installation in the cafeteria. Each learner represented their version of peace, citizenship, and mindfulness. Students will be able to visit the installation during their individual lunch each day.

## Hearts and Butterflies

Students taking art during the first marking period honored the twentieth anniversary of September 11<sup>th</sup> in a creative fashion. Learners in grades five and six made patriotic three dimensional butterflies while students in grade seven and eight painted corresponding hearts.

## Lego League

This weekend students on our “Robotics and Engineering” team are competing in the “First Lego League Bergen Brick Festival.” This is a qualifying tournament where students are tasked with building and programing a Lego Robot. Best of luck to Ms. Werner and the team!
