Notable Achievements

- Our grade level averages continue to surpass the state level averages.
- 100% of the students taking the algebra test achieved a 4 or 5.
- The scores, after 2 years of not taking the assessment, continued with similar score trends.

Goals

- Implementation of the Aimsweb universal screener in grades K-8. This will be administered 3x per year in math and reading to help us flag any students with potential learning risks.
- Continued work with administration, CST, and teachers to create a multi-tiered system of supports as part of the district's response to intervention.
- Continued work with NVCC and 7th / 8th grade science teachers to look at science item analysis from the science CRT and use data to help inform classroom instruction.
