JL Blessings

JL Blessings is a group that takes backpacks, and fills them with important supplies for survival such as: bottled water, granola, socks, toothbrushes, and many other items. They are usually distributed to the needy and the homeless in the area during the holidays. During Art classes at LLE, Mrs. Stokes had the students make homemade cards to place inside each of the backpacks. Each card had a positive or inspirational message inside. The students really enjoyed the community project and the idea of helping others in need.

David Gonzalez

On October 15th David Gonzalez visited CRS to tell the children all about the art of storytelling through fables. This program had the students actively participating, and also stressed the importance of cooperation, friendship and sharing.

Dear Parents/Guardians,

I would like to take a moment and express my gratitude to the Demarest Fire Department for coming in this month and educating our students on the importance of preparing for a fire. They spoke about creating evacuation plans in your homes and rules in case something should occur. Also, at the end of the month our Police Department will come in and speak to the students about staying safe while trick-or-treating.

This month was filled with many exciting events. The students, staff and parents met at the gazebo in honor of International Walk to School Month. Also, we had PTO sponsored speakers who came to speak to the students about acceptance and being kind to one another. At LLE we had David Harrell while David Gonzalez spoke at CRS.

Sincerely,

Mr. Frank J. Mazzini
Principal

Fire Safety

Students at both CRS and LLE were lucky enough to be visited by the Demarest Fire Department to discuss safety tips during a fire. The students practiced "stop, drop, and roll" and "rabbit ready" (have two ways out). They also discussed having a meeting place in case of a fire. Students were able to see the fire truck, use a hose, and do other fun activities. Thank you Demarest Fire Department!

FIRE SAFETY
