Marc Gussen

Marc Gussen virtually visited County Road School to discuss different animals and their habitats. Marc Gussen lives and works at the Closter Nature Center providing experiences for children to learn about nature in nature! Thank you Marc Gussen for everything!

Women's History Month

In March, we celebrate Women's History month. During this, we recognize remarkable women who have contributed to our great American history. Below are book suggestions for families to read.

1. She Persisted by Chelsea Clinton
2. Hidden Figures by Margot Lee Shetterly

Spotlight on Third Grade

Third grade has been doing some exciting things so far this year! We just started our math unit on fractions and are very excited to learn about equal parts, numerator and denominator, and much more! In science, we just started our unit on animal life cycles. When we met with Marc Gussen on Zoom, he was able to show us the life cycle of a tadpole as well as his animals! We saw Broccoli the frog, Captain Crunch the snapping turtle, and Cutie Pie the rooster. Third grade is currently reading the novel *Chocolate Fever* for our fantasy unit. It's a very engaging book and after every chapter we read, we crave chocolate!! We are looking forward to the last couple months of third grade and can't believe that we are almost fourth graders!
