Day

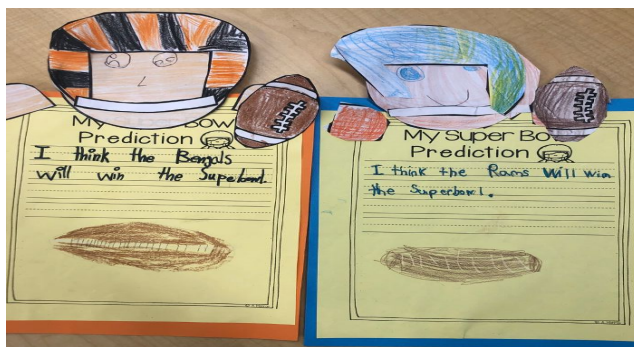

Lunar New Year

On Friday, February 4, the students at CRS and LLE were able to watch the Lunar New Year performances that had been taped the week before. Thank you to the Demarest PTO Lunar New Year Committee, Korean Demarest Parents Association, and students for a wonderful show! Thank you to Mr. Nerkizian for filming and compiling the video. Everyone enjoyed watching and celebrating the Year of the Tiger.

Super Bowl 2022

This Sunday is the 56th Super Bowl with the Los Angeles Rams and the Cincinnati Bengals. Using their predictions students wrote their own sentence describing who they think will win. The students created a chart and graph to show the predictions as well. Who do you think will win?

Spotlight on First Grade

Happy February! The First Grade has been very busy learning during the second half of the school year. The students have been working hard learning about Lunar New Year. The students made a dragon puppet and listed some traditions that families have for the holiday. Did you know that Lunar New Year is 15 days long? This year is the year of the Tiger. Happy Lunar New Year!!
