Classroom Updates!

Due to the generous fundraising efforts of the PTO, two additional classrooms at Demarest Middle School have been completely updated with brand new furniture that compliments and allows for a true 21st Century learning environment. 6th Grade Language Arts and 8th Grade Mathematics have now joined several other updated classrooms at DMS. We continue to express sincere gratitude to the PTO and the Demarest Board of Education for making these wonderful additions possible.

Breakout Edu: Elements of Plot

As part of their literature unit, sixth grade language arts students were excited to review elements of plot with a digital breakout game. This unique learning experience known as "Breakout Edu" is based on the popular escape room trend. Students work collaboratively to answer a series of critical thinking questions in a given period of time.

Valley Interdisciplinary Approach Convocation

This past week Demarest Middle School hosted the Valley Interdisciplinary Approach Convocation. Students from around the Northern Valley came together to demonstrate their team based, creative problem solving skills. Teams of six students worked together to earn points during several engineering challenges.

Bronx Zoo

On October 16th, the 7th grade went on their annual field trip to the Bronx Zoo. On their trip, they got to see many of the animals before they begin their winter hibernation. The animals were extremely active due to the cold weather, giving the 7th graders a lot to see and talk about! It was a great experience for all.
