Bergen County Prosecutor's Office Speaks to 7th Grade

On November 15th, the Bergen County Prosecutor's Office spoke with our seventh graders about internet safety and positive social media use. The hour long presentation was composed of helpful Internet tips and engaging videos. It ended with time for our students to ask the officer questions. The students enjoyed the presentation, and asked many insightful questions.

Brainbusters Compete in Mixed Meet Competition

The DMS Brainbusters team performed well during a mixed-town meet that took place on November 13th, in Northvale. The winning team included students from all schools around the valley.

Nice Job, Brainbusters!

Genius Hour

On Wednesday, November 9th, Mrs. Heffler’s 5th grade Genius Hour class presented their research projects to Mrs. Forma’s 4th grade class. Each fifth grade student explained their project individually as the fourth graders circulated and took notes on each presentation. The fifth graders enjoyed being experts on their topic and inspired the fourth graders to do the same.

6th Graders see “Wonder”!

The entire sixth grade had the opportunity to view a private premiere showing of the movie “Wonder” on Friday, November 17th. The students thoroughly enjoyed seeing the film adaptation of one of their favorite novels. Following the groups took part in discussions comparing the movie to the book and chose their favorite *Wonder* precepts as part of World Kindness Day.

Cyber Safety & Social Media Awareness

On Monday, November 6th, Melissa Straub of High Impact Your Training Solutions presented to DMS students on the topic of being safe online. During two separate presentations, students learned about protecting their digital footprint, digital citizenship, cyber bullying, and online aggression. An evening session was held for parents that revealed dangers facing our children online. The parental session offered tips for parents on monitoring their children online and tips for communicating with children regarding technology dangers.
