

CAPE: Coming to County Road School!

Moving Our Bodies to Help Our Brains

February 6, 2019

Community Adventure Play Experiences (CAPEs) provide children the opportunity to initiate and direct their own play using “loose parts” such as cardboard boxes, tires, fabric, plastic bottles, recyclables, wood, and natural materials. CAPEs encourage children to use their imaginations, develop initiative, collaborate, and problem-solve using materials easily found in their own communities.

Community Adventure
Play Experience • CAPE

Parents please help us by collecting the following loose parts! As well as any other safe, clean, deconstructed materials that may fall into one of these categories. Collection begins Immediately! Bring loose parts to the main office at CRS. The more part we collect the better the experience

Paper/Cardboard

- Paper towel rolls
- Mailing tubes
- Egg cartons
- Paper packing inserts
- Any boxes, all sizes

Plastic

- Containers – produce or take out
- Bottle tops and jar lids - including metal
- Packing inserts
- Plastic bottles

Textiles

- Old ripped clothing, blankets, sheets, tablecloths
- Twine, ribbons, ropes, yarn
- Fabric pieces

Any questions, please contact Dr. Terzini-Hollar

terzini-hollar@nvnet.org or Kathy Daly dalyk@nvnet.org

Please do not send in items that came into contact with nuts!
