

Active Listening Playground - “Garage Sale”

Composing Community, a global organization founded by composer & conductor Keren Rosenbaum, is dedicated to teaching and practicing playfulness and how to sustain it within communities around the world. The LLE Community will produce an Active Listening Playground (ALP) event, where children, teachers and parents will have an opportunity to design and build musical instruments out of “garage sale” items as well as compose, conduct and perform the “Garage Sale Symphony Playground”.

“Playfulness is not lost, its hiding”
