

# Active Listening Playground “Garage Sale” IS COMING TO LLE

FOR GLOBAL PLAY DAY  
FEBRUARY 6, 2019

In celebration of Global Play Day your children will be actively involved in building musical instruments from common household items that one might find at a garage sale. Once these instruments are built, our young musicians will come to together to create a school wide orchestra!

We need your help to unleash your children’s creativity! Please donate **ASAP** one item from each category below and drop the items off in front of the LLE main office. These “garage sale” items should be clean and should not have had contact with nuts or seeds.

The more parts we collect the richer the experience for your children.

## KITCHEN

pots, pans, spoons,  
whiskers, metal wood,  
plastic bowls, /
