Dear Parents,

This letter is to inform you about the Preschool Spring Show. The play is entitled, "***The Little Red Hen.***" In this musical play, the children will bring the story to life through drama, music, art, language and more. It is a great reinforcement to our Preschool curriculum of language arts, science, math and the arts which allows the students to have meaningful fun in both the classroom and on the stage.

Each class was assigned a narrating part for the show, which you will find attached. If you would like to be one of the narrators (only one paragraph) please contact your child's teacher and let her know. The teacher will send you the paragraph that you will read on the day of the show.

The play will be presented on Wednesday, June 12, 2019 at 9:00 am. Please mark your calendars for this special event.

We are very excited for this special presentation. The children are fascinated with acting stories. This is a wonderful opportunity for the students to be involved in a production and connect music to other forms of art. They are certainly enthusiastic and eager to perform.

If you have any questions, please contact me via email at mach@nvnet.org.

Sincerely,

Mrs. Mach
